

HACIENDA LA PUENTE UNIFIED SCHOOL DISTRICT

LA PUENTE HIGH SCHOOL

15615 E. NELSON LA PUENTE, CA 91744 (626) 934-6700

Dear Parent or Guardian:

California State Legislature has provided funding for increased individual, academic counseling with students. As a result of the funding, I have been hired to work with the 10th grade class in ensuring that each student is aware of the graduation requirements, is progressing towards that goal, and that each student has begun the process of planning for their life after high school.

In the coming months **I will be scheduling individual conferences with each 10th grade student.** It will be to the benefit of all if a parent or guardian is in attendance at this conference. In order to make this happen, I will have a range of conference times, including evenings, to meet the needs of all involved. Each conference will be scheduled for approximately 45 minutes. Topics covered will include progress in meeting LPHS graduation requirements, the importance of the California High School Exit Exam, availability of credit recovery and academic support, post secondary education options and preparation, and career exploration.

Please assist me with these conferences by ensuring your attendance. I will be happy to work around your schedule to the extent possible. If there is a certain day or time period that fits in well with your schedule, please call or send me an email with that information. Conferences will begin on Wednesday, February 28, 2007 and continue through the end of the school year. I can be reached at 626-934-6724 or mjara@hlpusd.k12.ca.us. Do not hesitate to contact me if you have questions or concerns regarding these conferences.

Sincerely

Megan Jara
Counselor, La Puente High School

Vision Statement:

The Hacienda La Puente Unified School District is a community committed to developing lifelong learners who value themselves and the diversity of all people; apply decision-making skills leading to responsible actions; and use creativity, critical thinking, and problem solving in meeting the challenges of a changing society.
